RE: Tier 3 Annual Personal Financial Disclosure Statement for 2019-Amendment
Natchitoches Parish Schoolboard-District 3
Late Fee Assessment-Report: PFD20006105

Dear Ms. Donna Bourgeois:

The waiver request is regarding the untimely filing of the above-named document. I am asking for the Board of Ethics consideration in this matter, due to extenuating circumstances. A very close relative, my 1st cousin, Lana Collier passed away unexpectedly. She was in her mid-50's and had some ongoing medical issues that were controlled by medications. She was found in her home, it is believed she had a massive heart attack. My family and I were deeply affected by her untimely passing.

The other reason was related to one of younger sisters, Regina Aldredge-Brown on-going serious health conditions. She was a victim of a head on car accident, that occurred her Senior year of high school in CA. She was put in a sleep induced coma in order to save her life. As the years passed, she has developed joint and nerve pain, a seizure disorder, congestive heart failure, migraine headaches, sleep issues, hypertension. The last few years she had neck surgery (fusion done due to bulging disk), back and ankle surgery. She is on several oral medicines and has a pouch with pain medicine inserted in the abdominal area for pain relief. Nearly two years ago, my sister developed blood clots in her lungs, 11 blood clots in one lung and 9 in the other. Due to God's grace and a great medical team, she survived. Because of the seizure disorder, she has suffered 3-4 concussions within the last 2 years. Her health conditions worsened, Regina had to quit her job as the manager's secretary of a large automotive plant in GA. Due to the seizures, she is no longer able to drive. Because of her debilitating condition, she is required to have a person to be with her daily to ensure she will remain safe. I maintain contact with her 2-3 times weekly and visit with her in GA at least twice a year, if possible. She has been hospitalized twice this year, due to injuries that resulted from seizures. I went to visit with her for a couple of weeks, after the 1st hospitalization this year. I found out about the 2nd hospitalization, after she was released. She fell during a seizure and a shelf fell on her that she was holding onto. A nurse from the insurance company that is affiliated with her husband's employer, happened to call and was able to get her to unlock the door and let the EMTs in. She nearly suffered a heart attack, her blood pressure kept bottoming out and had major bruises, etc. We are very close and I worry about her constantly. I thank God she is still mobile, her mind is still intact. Please consider the unforeseen circumstances.

Sincerely,

Dorothy McGaskey
